4.6 Tie Breaker Procedures

Should ties occur between the teams, standings will be decided according to the following priorities;

When a multiple tie occurs, and is only partially resolved, the remaining ties will be resolved by continuing on with the remaining tie breaking priorities until all priorities have been exhausted.

Then and only then, will the remaining tied teams return to priority number 1 and proceed through the order again.

1. The team with the best won-lost record in the game(s) between or among the tied teams will place higher in the standings.
2. If the tie still persists, the placement of teams will be dictated by the ratio of runs against per defensive innings for games between or among the original tied teams.
3. If the tie persists, the placement of teams will be dictated by the ratio of runs scored per offensive inning for games between or among the original tied teams.

Note: When calculating the number of defensive and offensive innings that are to be credited to each team under priorities (2) and (3), innings will be calculated on a fractional basis.

4. If the tie still persists, the team having the best won-lost record in games played versus the highest placed team not in the tie, followed by comparison against the next highest placed team, etc. will place higher in the standings.
5. If the tie still persists, the team with the best defensive ratio of defensive runs per defensive innings in all games will place higher in the standings.
6. If the tie still persists, the team with the best offensive ratio of offensive runs per offensive innings in all games will place higher in the standings.

Example:

New Brunswick, Nova Scotia and Newfoundland & Labrador all tied after the completion of the Round Robin portion of the tournament.

- Priority 1
New Brunswick defeated Nova Scotia 6-3
Newfoundland & Labrador defeated New Brunswick 6-4
Nova Scotia defeated Newfoundland & Labrador 10-8
{No tie resolved, move to next priority}
- Priority 2
New Brunswick 9 runs against in 14 innings $(9/14) = .643$
Nova Scotia 14 runs against in 14 innings $(14/14) = 1.000$
Newfoundland & Labrador 14 runs against in 14 innings $(14/14) = 1.000$
{New Brunswick emerges from the tie but Nova Scotia and Newfoundland & Labrador remain tied and must move to next priority}
- Priority 3
Nova Scotia 13 runs for in 14 innings $(13/14) = .929$
Newfoundland & Labrador 14 runs for in 14 innings $(14/14) = 1.000$

{Newfoundland emerges from the tie}

Example of fractional inning scenarios:

Scenario #1

If the home team wins the game in the bottom of the seventh inning by scoring a run with nobody out, the inning count will be:

Visiting team: 7 offensive innings and 6 defensive innings

Home team: 6 offensive innings and 7 defensive innings

Scenario #2

If the home team wins the game in the bottom of the seventh inning by scoring a run with one out, the inning count will be:

Visiting team: 7 offensive innings and 6 $\frac{1}{3}$ defensive innings

Home team: 6 $\frac{1}{3}$ offensive innings and 7 defensive innings

Scenario #3

The same application of the rule is used in a mercy rule situation. If the home team is awarded the game by the mercy rule after two outs in the bottom of the fifth inning, the inning count is:

Visiting team: 5 offensive innings and 4 $\frac{2}{3}$ defensive innings

Home team: 4 $\frac{2}{3}$ offensive innings and 7 defensive innings

4.7 Run limitations (Mercy rule)

- The ten (10) run mercy rule shall apply after the fifth (5th) inning or four and a half (4½) innings if the home team is ahead. In a mercy rule ball game, the winning team will get credit for seven (7) defensive innings while the losing team will only get credit for innings played.
- The fifteen (15) run mercy rule shall apply after the fourth (4th) inning or three and a half (3½) innings if the home team is ahead. In a mercy rule ball game, the winning team will get credit for seven (7) defensive innings while the losing team will only get credit for innings played.

6. **Unlimited defensive substitution:** Unlimited defensive substitution is allowed meaning that any player can be replaced in his defensive role and return at any time to any position, except for the pitcher’s position, if the player has already pitched.

7. **The batter:** The batter cannot become a runner on a catcher's miss of a 3rd strike. The third strike, either called or swinging, does not have to be caught by the catcher. The batter is automatically retired.... However, the ball is alive and in play.
8. **The baserunner:** **A)** When a pitcher is in contact with the pitcher's rubber with the ball in his possession PREPARATORY TO THE PITCHING ACT and the catcher is in the catcher's box ready to receive delivery of the pitching action, base runners SHALL NOT leave their bases UNTIL THE PITCHED BALL HAS REACHED THE BATTER. **(b)** When a base runner DOES leave his base BEFORE the pitch has reached the batter and the batter does not hit the ball, the runner is permitted to continue. If a play is made on him and he is tagged out... the OUT will stand. If, however, he reaches a base safely, "TIME" is called and he is returned to the base he occupied before the pitch was made... and NO OUT shall result. **(c)** When a base-runner leaves his base before the pitched balls has reached the batter and the batter hits the ball and the runner shall return to his original base (if the batter is retired on a fly ball or any other play) OR... he must return to an unoccupied base nearest the one he left depending on the advance of the batter... who in this case shall NOT advance beyond the first base on a single... second base on a double... or third on a triple. **(d)** When any base-runner leaves his base before the pitched ball has reached the batter, and the batter hits or bunts the ball to an infielder, who in the judgment of the umpire, could have with reasonable effort effected an out on the runner had the violation not occurred... NO RUNNER shall be allowed to score or advance (unless forced) and all runners shall remain. If three (3) runners are on base and the batter reaches first base safely on a similar action to an infielder, and ANY runner violates the leadoff rule... SUCH RUNNER SHALL BE DECLARED OUT IN THIS INSTANCE. **B)** A baserunner may steal a base(s) and score on a catcher's miss of a pitch. **C)** Baseball Canada rule which specifies "where a team has a lead of five or more runs, the runner(s) of this team can reach the following base only if the ball is hit or if he is forced to advance" **will not apply for Atlantic Baseball Championships.** Runners are free to advance (steal) regardless of score.
9. **Courtesy/designated runner:** A courtesy/designated runner for the catcher shall not be permitted in the event the catcher reaches a base.
10. **Bunting:** Bunting is permitted in both categories (AA &AAA).
11. **5 runs rule/inning:** An offensive inning ends when three outs are recorded or when the offensive team scores five runs. If there is a homerun outside the playing field limits (above the fence), the team will be awarded all runs even if total runs go over the inning limit. However, there is no run limit during the last two (2) innings which would be open for both AA and AAA.
